

29.11.88

Dear Dick

In the rush after the racing had finished yesterday I failed to say goodbye properly and to say how much I enjoyed working with you and your TOM colleagues. You all did a superb job with a long and very demanding two-day schedule of activity and I think the results were excellent. Please thank everyone on my behalf for this contribution. And thank you for making my job very easy to do!

My kind regards

Chris Walker
