Dear Colleague,

Now that the dust has settled on the 1993 Grand Prix, I wish to write to you to thank you for the good cooperation between us this year. I sincerely regret that I was unable to attend personally. However, I have consulted with my colleagues Henry Mok and Thomas Chung and they have asked me to pass on their thanks for all the arrangements made by TDM on our behalf to assist our telecasts. I have written separately to CTM to thank them for their professional help with circuit arrangements.

In particular, we wish to pass on our personal thanks to Luis Nestor Ribeiro. We have worked with him for many years now and we find him to be a most pleasant fellow and nothing is too much trouble. 1993 was no exception.

As I mentioned before, let us try to keep this new momentum going by arriving at an agreement much earlier than has been the case in recent years. A late agreement disrupts everybody's planning and is not in the best interests of either Macau or your sponsors who would like TV services to promote coverage as early as possible in order to maximize audience size. I would suggest that we meet in April or May if possible and perhaps we could discuss a longer term contract in order to form a firm partnership.

Thank you again and I look forward to seeing you before long.

With warm regards,

Richard Read
